

Public Notice

JDSF Draft Environmental Impact Report Public Hearing

There was a typographical error in the May 23, 2002, Supplemental Public Notice regarding the Public Comment Period for the Jackson Demonstration State Forest Draft Environmental Impact Report (DEIR). The "Note" for persons requiring special accommodation for the public hearing incorrectly refers to a July 12, 2002, hearing. The correct hearing date is June 12, 2002 as stated in the main text of the Notice. For questions regarding the Notice please contact Christopher Rowney, Department of Forestry and Fire Protection, at (916) 653-9420.
